

Edition #1 2023

What's new with

General

Zoom in on photos

For assessing a technical issue, it's sometimes difficult to read a photo on a small screen. That's why you can now zoom in on photos in the app to view them better.

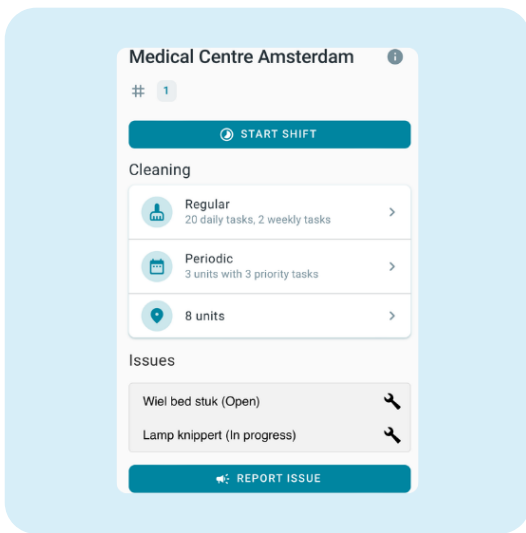

Cleaning

Insight in progress web

Under Insights in the Cleaning Module, progress can be remotely tracked throughout the day. Read more in the release notes to understand the added value of this feature.

Cleaning

Insight in progress app

On the object screen in the app you can now see how many daily and weekly tasks are open under the heading "Regular".

Cleaning

Parts filter improved

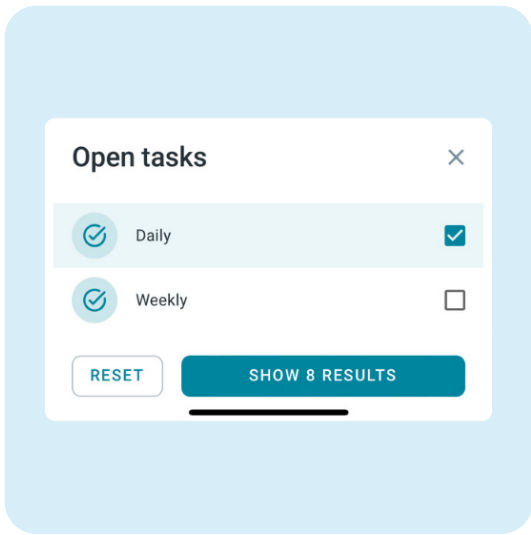

The Parts filter has been broken down to a filter by Layout. Instead of clicking on 'Parts', from now on you click on the names of the layouts, such as 'Floors' or 'Departments'.

Cleaning

Progress daily/weekly

From now on you can see which units have open daily or weekly tasks, this is displayed below each unit.

Cleaning

Filter on open tasks

A new filter has been added that allows filtering on open daily or weekly tasks.
