## Cleaning

### Cleaning status object screen

On the object screen, you can read the cleaning status to see if there are still units with outstanding daily or weekly tasks. When all tasks are completed, it will display 'Clean'.

## Cleaning

### Progress of weekly tasks

At the top of the screen, you see how many units have completed (bi-)weekly tasks of the total.

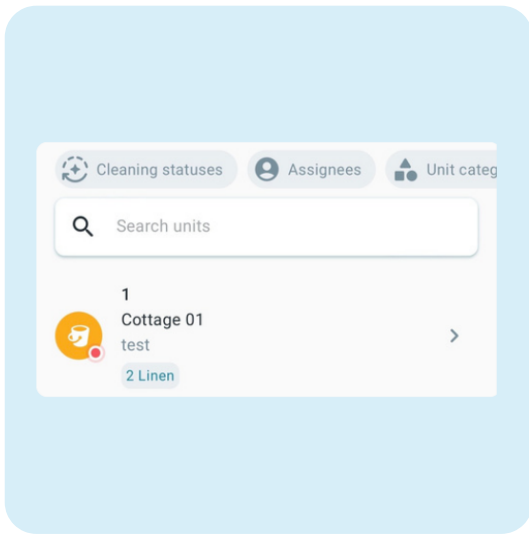

## Cleaning

### Selecting weekly tasks

When completing (bi-)weekly tasks, it's now possible to select all of them at once. This saves a lot of time!

## Cleaning

### Colour indicator for attention points

In the cleaning status icon, the colour of the indicator for attention points has been made more prominent with red, so it stands out better.

## Cleaning

### Daily tasks

As of now, daily tasks that are not performed on the scheduled day will be automatically cancelled.
